

MAXXFAN DELUXE COMPACT

The same comfort of the Maxxfan Deluxe, but reduced in size!

The new Maxxfan Compact has the same functions and features of the Maxxfan Deluxe but its smaller size allows you to fit in every space and ambient. This new space-saving solutions will allow you to fit all the other products you need to enjoy your holiday, such as our Dicor Power solar panels, or our Skymaxx roof hatches. The product is design to fit the std 280x280 mm cut out, and it can be easily installed with tools you have at home!
