

**COOKING APPLIANCES  
ALWAYS MOVING FORWARD**

***Can***

An AIRXCEL Brand

---

An *AIRXCEL* Brand

# COMPANY

## The Italian brand in the most beautiful travelling kitchens

CAN is the Italian manufacturer of hobs and sinks whose products can be found off the most exclusive coastlines, and in the heart of the wildest landscapes.

For over 30 years yacht and leisure vehicles manufacturers have chosen CAN to help realise their kitchen ideas, achieved through close collaboration between the respective designers, with a reliable supply chain and a high product quality standard that is never broken.

Many great brands from both the nautical and recreational vehicle markets have found CAN to be an exceptional partner. Authoritative references demonstrate how CAN has, and continues to be successful in bringing the excellence of Italian design to appliances within galleys and recreational vehicle kitchens, helping them to become the most sought after Italian company in the industry, most requested, most popular.

With the growth of CAN ever increasing, the objectives of CAN for the future remain, aiming to serve a market in constant evolution and expansion.

In 2017, CAN has done huge investments in new “moulds” and machinery giving birth to a new range of innovative products to keep its appliances always updated to the last customers’ needs and tendencies.

CAN Designers and Researchers have worked in close contact to develop brand new built-in kitchens and innovative cooktops with amazing features.

## Customised solutions Unique. Just as whoever cooks

Materials of all kinds are moulded through Italian design into a variety of shapes and designs. CAN interprets the specific needs of every market, sector, and customer.

This enables it to offer a range of versatile solutions that in turn can be customised upon request. Be it stainless steel or glass, elliptical, square, round or irregular shapes, combined or dedicated units.

Whether gas, induction, alcohol or ethanol burners, CAN will endeavour to meet every request with the most effective solution.  
Customised. Unique.

## **For a professional kitchen Always. Everywhere**

For over thirty years CAN have stood for quality within the kitchen for the marine market. Supplying Hobs and Sinks with professional performances, designed for those who, even whilst travelling, wish to cook just as they would at home.

Accurate adjustment of power and even cooking are guideline objectives for CAN, without ever compromising the practicality, compactness or safety of the appliance.

This method of design and manufacture that today meets even the recreational vehicle market, making CAN the reference brand for all professional kitchens away from home.

# CRYSTAL

## Hobs meet glass

Crystal was born through seeking new solutions: a line of hobs that utilizes glass as the principle material of the kitchen. Thus, the stainless steel components shine on special scratch-resistant surfaces, in sizes fully customisable, making Crystal the answer for those who wish to go beyond the ordinary, without restraint. What is the secret? Italian designed with maximum care taken over every detail.

# HOODINY

## Linearity and compactness in the kitchen

To meet the natural lines of a kitchen whilst keeping the overall dimensions to a minimum, CAN offers Hoodiny: hobs with a special tempered glass cover. The closing of the lid allows the stove to be hidden whilst creating new, useful table tops. No surprises: to protect the glass from impacts, the hinge enables a slow and soft closing.

# RANDI COMBINATION UNIT

## Quality, compactness and functionality, combined with the most flexible design

Monobloc, compact, combined. In the world of travel maximum functionality needs to be achieved, and Randi, the proposed unit-kitchen line, is the range that offers this. Hobs and sink are as one single unit, hidden beneath 4 mm of tempered glass, also creating a practical table top. The design is, as always, customisable: available in the right-hand or left-hand version and with taps and fittings at choice. The pan supports are removable with rubber anti-vibration inserts.

# HOTTY

## Simple. How to cook.

At times, the more complex requirements have a simple solution. The Hotty: the CAN pressed stainless steel hob line can be installed on any surface with extreme ease, and support almost every request: with 1, 2 or 3 burners the kitchen is always a comfortable space.

# FOLDY

## Everything concealed

The space of a sink can enclose much more. This is why CAN has created Foldy: the kitchen-unit with the concealed hob. The tempered glass burner support, once closed, disappears within the sink, hiding the hob and creating a practical table top.

# ELECTRICAL COOKING UNITS

## The alternative to gas

Vitroceramic, induction, grill and electrical plates: if cooking by gas is not possible, CAN offer several alternatives. Electrical power supply has allowed the development of different style hobs, designed and produced with the same attention to detail.

# SINKS WITH FAUCET

## And the sink disappears

The CAN stainless steel sinks are fully customisable due to the shapes and accessories offered. They're available in oval, round, or square shapes, and with different faucet variations. What do they have in common? Extreme attention to overall dimension and design: that can give a new table top with minimal space.

# SINKS

## All the shapes of the water

For CAN, design is function and much more. The shape can become pure aesthetics and the opportunity to enhance the excellence of stainless steel, or of other materials. Sinks are an example, whether square, hemispheric, elliptical in stainless steel or glass. The architecture of every kitchen can thus always find a perfect recessed solution with customised shapes and dimensions.

## Hobs as supports: always free to cook

When a dedicated cooking area is not needed, but it is the freedom of action to guide the choice of the ideal stove, CAN offer the support solutions. The gas stoves of the Hotty line allow a free installation and make every surface a perfect hob, to cook hot meals in any situation.

# ACCESSORIES

## The difference is in the details

It is a pan-holder that stabilises every item on the hob with a retractable tap and a seal that reduces vibrations. These are the details that make the difference. They are much more than just options, the accessories for CAN are the recipients of a particular research, making quality a really complete promise.

## LP1600

Straight replacement drain with 1 1/4" plug.

Compatible with	All our products
Product size	Thread; 1 1/4
Material	Plastic - Stainless Steel

QUANTITY FOR PACKAGE  
100 PCS

## LP1610

Straight replacement drain with 1 1/2" plug.

Compatible with	All our products
Product size	Thread; 1 1/2
Material	Plastic - Stainless Steel

QUANTITY FOR PACKAGE  
100 PCS

## LP1601

Straight drain pipe Ø 25 mm with 1 1/4" thread.

Compatible with	LP1600
Product size	Ø 25 mm - Thread: 1 1/4"
Material	Plastic

QUANTITY FOR PACKAGE  
10 PCS

## LP1800

Replacement drain with 1 1/4" plug, Ø 20-25 mm outlet.

Compatible with	All our products
Product size	Ø 20-25 mm, Thread: 1 1/4"
Material	Plastic - Stainless Steel

QUANTITY FOR PACKAGE  
100 PCS

## LP1602

90° Ø 25 mm drain pipe with 1 1/4" thread.

Compatible with	All our products
Product size	Ø 25 mm - Thread: 1 1/4"
Material	Plastic

QUANTITY FOR PACKAGE  
10 PCS

## LP1000

Universal 1 1/2" plug.

Compatible with	All our products
Product size	Plug: 1 1/2"
Material	Plastic

QUANTITY FOR PACKAGE  
100 PCS

## RB1485

Swivel mixer tap, double handle, in chrome- plated brass with ceramic valves.

Installation Hole	2 Holes Ø 18 mm
Product size	180x78x158 mm
Material	Chrome-plated brass
Type of water	Hot and cold water

QUANTITY FOR PACKAGE  
10 PCS

## RB1488

Chrome-plated plastic cold and hot water mixer tap, running on a 12 v microswitch.

Installation Hole	Ø 33 mm
Product size	37x160x96 mm
Material	Chrome-plated plastic
Type of water	Hot and Cold water

QUANTITY FOR PACKAGE  
25 PCS

## RB1486

Chrome-plated brass single gimbal tap with ceramic valves.

Installation Hole	2 Holes Ø 18 mm
Product size	180x78x158 mm
Material	Chrome-plated brass
Type of water	Hot and cold water

QUANTITY FOR PACKAGE  
10 PCS

## RB1490

Chrome-plated plastic folding cold water tap, running on a 12 v microswitch.

Installation Hole	Ø 22 mm
Product size	191x150x97 mm
Material	Chrome-plated plastic
Type of water	Cold water

QUANTITY FOR PACKAGE  
30 PCS

## RB1487

Chrome-plated plastic cold water tap, running on a 12 v microswitch.

Installation Hole	Ø 33 mm
Product size	37x160x96 mm
Material	Chrome-plated plastic
Type of water	Cold water

QUANTITY FOR PACKAGE  
2 PCS

## RB1491

Foldable chrome-plated plastic mixer tap, running on a 12 v microswitch.

Installation Hole	Ø 27 mm
Product size	191x150x97 mm
Material	Chrome-plated plastic
Type of water	Hot and Cold water

QUANTITY FOR PACKAGE  
30 PCS

## RB1492

Foldable chrome-plated plastic mixer tap, short barrel, running on a 12 v microswitch.

Installation Hole	Ø 22 mm
Product size	179x110x97 mm
Material	Chrome-plated plastic
Type of water	Cold water

QUANTITY FOR PACKAGE  
40 PCS

## RB1493

Foldable chrome-plated plastic mixer tap, short barrel, running on a 12 v microswitch.

Installation Hole	Ø 28 mm
Product size	179x110x97 mm
Material	Chrome-plated plastic
Type of water	Hot and Cold water

QUANTITY FOR PACKAGE  
40 PCS

## RB1853

Mixer tap with folding bridge pipe.

Installation Hole	Ø 33.5 mm
Product size	180x160x120 mm
Material	Chrome-plated brass
Type of water	Hot and Cold water

QUANTITY FOR PACKAGE  
10 PCS

NEW!

## LP5600

Drain plug with siphon.

Durable Materials: High-quality plastic, chrome finish.  
Efficient Drainage System: Prevents clogs and odors.  
Easy Installation: No special tools required, compact design.

Compatible Pipes	25 mm diameter
Mounting Hole	60 mm diameter
Material	Plastic - Stainless Steel

QUANTITY FOR PACKAGE  
50 PCS

## LP5300

Drain with plug 90° angle hole 39 diam.25mm.

Compatible Pipes	25mm diameter
Mounting Hole	39 mm diameter
Material	plastic - stainless steel

QUANTITY FOR PACKAGE  
50 PCS

## LP5410

Drain with plug 90° angle hole 39 diam.20mm.

Compatible Pipes	20 mm diameter
Mounting Hole	39 mm diameter
Material	plastic - stainless steel

QUANTITY FOR PACKAGE  
50 PCS

DISCOVER AIRXCEL EUROPEAN HEADQUARTERS

# DISCOVER THE REST OF AIRXCEL WORLD

Airxcel Europe was established in 2019, with the acquisition of CAN Srl by Airxcel Inc. Like the US headquarters, the company's European division is specialised in the production of engineered components for RVs and environmental comfort systems.

Airxcel Europe is organized into several business units, each of which features top brands in their respective sectors: from air conditioning and heating to professional kitchen equipment.
