

PORTABLE FRIDGES AND FREEZERS
REFRESHING ON THE ROAD

 **InVision**
An AIRXCEL Brand

PORTABLE FRIDGES AND FREEZERS

Built to chill, wherever you roam

Our fridges and freezers offer different sizes of reliable cooling power in a compact, travel-ready design. Built for van lifers and outdoor explorers, they deliver consistent temperatures from -18°C to 10°C, even in extreme climates (10–43°C).

With dual DC 12V/24V input, durable PP+PE housing, and efficient C5H10 insulation, they're made to handle life on the move.

Designed by Airxcel for those who expect performance and comfort—wherever the road leads.

DRAWER REFRIGERATOR

Adventure-ready cooling, built for the road

The D31 Drawer Refrigerator is a compact, high-performance fridge designed with van life in mind.

With a 31L capacity, ultra-reliable cooling from +10°C to -20°C, and quiet, energy-efficient operation (45W, DC12V/24V), it's the perfect travel companion for life on the move. Smartly engineered by Airxcel to meet the real needs of van travellers—because comfort shouldn't stop when the wheels start turning.

TECHNICAL DETAILS

COOLING PERFORMANCE:
-18°C-10°C

OUTSIDE MATERIAL: PP+PE

INSULATION: C5H10 FOAMING

FREEZER YT-B-20PN
